

## Join SHCS for our celebration of Catholic Schools Week!

The annual, national observance kicks off Sunday, January 29 and runs all week. This year's theme focuses on the 3 priorities that make Catholic schools stand out from other educational institutions. Children are taught **Faith** – not just the basics, but how to have a relationship with God. **Academics**, which in Catholic schools are held to very high standards, and help each child reach his/her potential. **Service**, the giving of one's time and effort to help others, is taught both as an expression of faith and good citizenship.
